Democracy Failed when it was on Trial.

We often hear it said by those who are opposed to the action of the government in its efforts to crush the rebellion, that the war can never be successfully ended until the Democratic party comes into power. We wonder if these politicians have forgotten that the rebellion actually commenced while a Democratic administration *was* in power, and that States had seceded before Buchanan's term expired. Yet how did Democracy prove its ability or desire to crush and nip the rebellion in the bud? Did not the old public functionary sit down and wring his wrinkled hands and pull his hair, in utter despair, declaring that there was no constitutional means or ability to hinder a State from seceding? If the Democratic party had continued in power till to-day, and acted as it did then, what must have been the condition of the nation—if, indeed, any nation would have been left?

We pray those who talk so much about the failure of the present administration and the necessity for the restoration of the Democratic party, to remember these things, and we think they will, as they ought to, be satisfied that one such experiment is enough. If that could not strangle secession in its cradle, surely it is idle to talk of its power to check or control the full proportions and power of the manhood of rebellion. In fact, Democracy "played itself out," when it confessed its inability to save the country, and no man of good sense ought ever to think of restoring it until he can satisfy the country that, when in power, it could not, if it had chosen, have averted all the woe and wickedness of the rebellion begun under its auspices and without its opposition.

COPPERHEAD NOTIONS.—A meeting of northern traitors was recently held in New York, which adopted an address setting forth the doctrines of the villains. It says:

The country has nothing to gain by putting "War Democrats" into power. There is no difference between "War Democrats" and "War Republicans." They graze on the same pasture and drink at the same fountain, and if the war must be continued with all its portents of evil, and the Constitution and the Union become the inevitable sacrifice, it is better that Democracy should wear the chains of despotism to the grave of liberty than become the executioner of the country's freedom.

Perfectly in accordance with these doctrines were the speeches of the occasion. Fernando Wood said:

I dare and defy the Administration to send to the city of New York their Gen. Burnside. [Groans for Gen. Burnside.] And here in the name of these assembled thousands and tens of thousands inside and outside of this hall, I request the Administration to give Gen. Burnside this district. [Deafening cheers.] And if this conflict must commence, I want the powers that be to try their hands upon us. Fellow-citizens, I may have uttered the language of treason. [Applause.] I have certainly said more than the language uttered by our lamented, glorious friend, Vallandigham, who was stricken down. [Here the confusion and cheering for Vallandigham was so great that the last portion of the sentence was not understood.] And I may be the next glorious martyr upon the altar of my country's freedom. [Applause, and voices, "No never."]

Proceeding still further in this strain, he submitted ten reasons why this war should cease, of which we have not room for but three:

Because there was no necessity for it. An amicable adjustment of the questions in dispute could have been, and can be still, procured on terms of fairness and equality. [A voice—"You're a liar."]

Because there is not in the civil nor in the military power of the government, any man or men of sufficient mental power to successfully prosecute the war against the vastly superior statesmen and generals of the South.

And, finally, because experience should admonish us that the over-ruling power of God is against us. We cannot proceed in what we have undertaken. Hence every dollar expended is thrown away—every life lost is little less than murder—every acre of land laid waste is so much toward national impoverishment—and every day's continuance of the war places an additional barrier between us and re-union, and drives another nail in the coffin of the Republic.

These were Wood's strongest reasons for wishing the war to cease. The first was answered on the spot. The second shows that Fernando's grand mistake in life was that he was not born black with a Southern master's boots to clean from his infancy. The third is important as showing that the God of his worship is one who hates justice and loves oppression—but the South Sea Islanders never made such a mistake in the name of their Fetich.

NARROWING THE LIMITS.—The Chicago *Times* says that "the professed Democrat who has his senses about him, and is deliberately for the war, is not a Democrat, but, in *fact*, an Abolitionist of the most radical, violent and destructive kind." There are a good many Abolitionists about these times.

THE BLOCKADE RUNNERS.—A correspondent of the New York *Tribune*, writing from St. John, (N. B.,) on the 6th of June, complained that the American press had misrepresented the Provinces, and adduced the following evidence to show that it is citizens of the United States and not British subjects who aid the pirates:

Recently there have been several instances illustrating the manner in which the position of St. John as a neutral port has been taken advantage of by business men of the United States to thwart the plans of their own Government. *The Flushing*—a very fast little steamer—was brought here from New York. Her saloon and guards were taken off, and other alterations were made to fit her for a new business, her name changed to the *Nan-Nan*, and then cleared for Bermuda under a British register. Had her business been legitimate, she could have been much more expeditiously and economically fitted out in New York. The people concerned in her were all Americans and strangers to St. John.

Last week a large iron steamer, bearing the loyal name of *General Banks*, owned by a prominent dry-goods man of Boston, and other Americans claiming to be loyal, was brought here and transferred to parties of Halifax, notoriously connected with blockade running; and it is asserted by men who should know, that the payment was made from Nassau funds. This steamer was formerly the British mail boat *Scotia*, and run in the Irish Sea. She was taken in the attempt to run the blockade, sold at auction in your city, registered under her new name, and last week there appeared in the Boston *Journal* a highly patriotic letter from General Banks, thanking her owner for the honor thus conferred upon him. We can perhaps imagine what will be the General's emotions when he learned her subsequent history. A day or two since another smaller steamer called the *Republic*, arrived here from New York. She is said to be very fast. There is no call for such boats in these waters, and no one here doubts the motive which induces the owners to take this round-about way to the West Indies.

POISONOUS RINGS.—*Le Levant* relates a curious story, which has created quite a sensation among curiosity shopkeepers. Some time ago an amateur made some purchases at the shop of the Quartier St. Honoré, amongst which was a ring of the time of the revival of art. Having returned home, he began to look at his purchases; and in putting the ring on one of his fingers, made a slight scratch. He took it off, put it in a drawer, and thought no more about it. Some days after, however, he felt an indefinable pain, which seemed to paralyze all his faculties, and he became so ill that it was found necessary to send for a doctor. The doctor immediately saw symptoms of his having been poisoned by mineral substances, and ordered antidotes, after taking which the patient was somewhat better. The doctor, who happened to have resided in Venice, on examining the ring, saw that it was one of the rings called in Italy "rings of death," which were made use of at the period when poisoning was so common in that country. In the inside of the ring were fixed two lion's claws of steel, furnished with two bags containing virulent poison. In company, at a ball or crowded assembly, the bearer of the fatal ring, if he wished to wreak vengeance on any one, shook hands with him in such a way as to press the lion's claws, and his victim was dead on the morrow.

WASHINGTON TERRITORY ELECTION.—We are indebted to H. Cochran, Esq., for the following, dated Vancouver, July 14th:

The result of the election yesterday in our county, as far as heard from, gives Cole a majority over Raynor of 40. Patterson and Lancaster precincts are yet to hear from, which will probably reduce Cole's majority to 15. I do not think it will exceed that. The Union candidate for Justice of the Peace, J. F. Smith, is elected over Covington, Democrat, by 6 majority. I enclose the ticket marked.

Delegate—Raynor, 114; Cole, 154.

Representatives—L. Leiser, U., 121, L. C. Achilles, U., 123, Isaac Q. Austin, U. 114; J. T. Bowles, D., 159, H. M. Knapp, D., 131, Wm. Bratton, D., 134.

Probate Judge—Hathaway, U., 110; Lawrence, D., 145.

County Commissioner—Knight, U., 112; Heart, D., 166.

Treasurer—Brant, U., 89; Sohns, D., 181.

Assessor—Dole, U., 103; Bozarth, D., 137.

Garfield's majority in Vancouver precinct in 1861 was 83. Cole's majority is 32, being a gain for Raynor of 56.

MONTICELLO.—Mr. Thayer, the gentlemanly purser of the *Cowlitz*, reports the vote of Monticello as follows: Raynor, 45; Cole, 31; Turney, 000. The Union county ticket has 14 majority.

CASCADES—Raynor, 35; Cole, 48.

SEYMOUR REBUKED BY A FRIEND.—Some of the Democratic papers in this State are finding fault with Governor Seymour for declining to favor the organization of regiments of colored men. The Poughkeepsie *Press*, for instance, remarks:

"According to the belief of many, this war is being carried on in the interest and for the sake of the colored man. Why, then, should he not be allowed, and even required, to bear his share of the burden and danger of the camp and battle-field. As for Governor Seymour or any one else having too much sympathy for the blacks to allow them to do so, it is sheer nonsense. If they have any such sympathy, it is of a kind that the people do not understand, much less feel.

"We have never yet been able to see why colored men should not be allowed to fight, if they want to; nor any reason why regiments of colored men should not be raised, if they can be; nor any reason why the escaped slaves who come into our lines should not be made effective in helping to dig intrenchments, build the forts, fight the battles, bury the dead, and do any other thing they can be coaxed or required to do against the rebels for their discomfiture."

The *Press* is right, and it utters, we believe, the sentiment of nine-tenths of the honest democrats of the North.—*N. Y. Herald, June 11th.*

NOBS AMONG THE REBS.—There was a rumor recently in Paris, based upon the assertion of the "Confederate envoy," that as soon as "this cruel war is over"—provided that the result is favorable to the Confederate cause—a nobility, consisting of Duke, Marquis, Earl, Viscount and Lord, with Baronet and Knight complete, is to be formed, and the great men who have distinguished themselves by their bravery and patriotism, are to be the recipients of the titles.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to July 9th.

Lee Hemmed by the Potomac.

Surrender of Vicksburg Confirmed.

Triumphal Entry of our Army on the Fourth.

18,000 Rebel Prisoners Paroled.

HARRISBURG, July 8.—Telegrams received to-day via Loudon and Bedford, show that Lee is between South Mountain and Hagerstown, and will select a place between Hagerstown and the Potomac to give Meade battle, as it seems impossible for him to reach Virginia. Imboden has a force of about 10,000 at Williamsport, protecting the rebel trains, which are crossing as fast as limited means will allow.

It is raining in torrents, and the flood would destroy any pontoons.

Meade and Couch are moving as rapidly as the roads will allow.

General Meade stated that the rebel loss is from 32,000 to 35,000 men and 60 pieces of artillery.

BALTIMORE, July 8.—Nearly 1,000 rebels, captured by Kilpatrick, arrived this morning, including Gen. Jones and 54 other commissioned officers.

NEW YORK, July 8.—A distinguished member of the administration remarked yesterday that the service of every major-general would soon be called for.

On June 27th a rebel force under General Green attacked Donaldsonville, La., and was repulsed with a loss of 300. Federals lost 6 killed and 14 wounded.

Rebel newspapers say the Federals have taken Panola, Miss., and destroyed a large amount of rebel property, besides cutting off Johnson's communications and supplies.

WASHINGTON, July 8.—A dispatch says in the three days' fight Lee's army was beaten and driven through the mountain passes to the Potomac. It is now at Williamsport trying to cross, but the river is high and unfordable. Meade is pushing his force forward to attack the enemy at Williamsport, and unless Lee gets across within 48 hours, another battle is expected.

Our loss in killed and wounded at Gettysburg will be about 12,000.

CHICKASAW BAYOU, July 3—8 P. M.—At 8 o'clock this morning a flag of truce appeared before Gen. Smith's front, when the rebel Major General Bowen and Col. Montgomery were let blindfolded into our lines. They bore a communication from Gen. Pemberton to Gen. Grant, of the following purport:

"Although I feel confident of my ability to resist your arms indefinitely, in order to stop the further effusion of blood, I propose that you appoint three commissioners to meet [illegible] which I will send to treat as such [illegible] best accomplish the result."

Grant replied substantially in these words: "The appointment of commissioners is unnecessary. While I should be glad to stop the unnecessary effusion of blood, the only terms I can entertain are these: Unconditional surrender. At the same time, myself, officers and men, are ready to testify to the distinguished gallantry with which the defense of Vicksburg has been conducted."

At 10 o'clock the messenger returned. This afternoon, in accordance with a request from Gen. Pemberton, Gen. Grant met him outside the lines. After an hour's consultation they settled terms of surrender.

Pemberton urged that the soldiers might be paroled and allowed rations from their own stores to carry them to the Confederate lines. In view of the bravery displayed by these heroes, the advantages of the place and the condition of the enemy, Grant finally consented to Pemberton's request. [illegible] were each allowed a horse and [illegible]. The number of prisoners is 18,000, two-thirds of whom are said to be in fighting condition. The immediate cause of the surrender was the exhaustion of supplies and ammunition and the failure of Johnston to come to Pemberton's relief.

CAIRO, July 8th.—A bearer of dispatches from Grant to the Government left Vicksburg July 4th, and has arrived here. He brings but few additional particulars of the surrender. One division of the army was marching into the city when he left. One of the reasons assigned for paroling the prisoners are that Grant had no transportation to send them North, and the men could be used for a more important mission than guarding prisoners.

LOUISVILLE, July 8.—A meeting of the citizens to-night was addressed by Gen. Boyce. He stated that although there was no immediate danger, it was necessary that measures should be taken to organize the citizens for defense. The matter was referred to the City Council, which passed resolutions that all male citizens between the ages of 18 and 45 should be enrolled for service if required and all who refused should be sent North.

HEADQUARTERS, TULLAHOMA, July 8.—We have driven the rebels out of Middle Tennessee. Our lines extend to the foot of the mountains. Reconnoitering parties are daily pushed beyond but no movement can be made until provisions come forward. It has rained for 15 days, making the roads almost impassable. Bragg has retreated beyond the railroad bridge at Bridgeport. Stragglers say his army is much demoralized.

WASHINGTON, July 8.—The midnight messengers from Frederick, say that information which can be relied upon from the front this forenoon is to the following purport: The Potomac has checked the advance of the rebel army; small portions have crossed at Williamsport and Shepardstown; Lee swam his stock over; his ambulances with his cavalry, infantry and artillery are on this side; his front line of battle has been formed at Antietam. Should this prove true, he will be obliged to trust his army to the arbitrament of another bloody field. It is certain that he cannot get reinforcements. Our forces are gradually concentrating in that direction. Our hopes and prospects grow brighter every hour. The best possible spirit animates our officers and men.

BALTIMORE, July 9.—The *American's* letter from Frederick yesterday morning says it is no longer a question whether the Potomac is fordable, but whether any bridges the rebels have would stand before such a flood. Lee's case is most desperate if not hopeless. He is concentrating his forces by every available means and route. Tuesday morning he planted batteries on every road by which we are likely to approach.

FREDERICK, July 8—9 P. M.—Gen. French has been placed in command of the 3d army corps, which has been largely reinforced and placed in motion.

[illegible] said Lee has no alternative but to fight or surrender. About 600 prisoners arrived here to-day. This arrival, according to statements, swell the number of prisoners to 11,800. Considerable cannonading was heard to-day in the direction of Hagerstown, which is thought to be caused by a cavalry attack on the enemy's outposts.

BALTIMORE, July 8.—A special dispatch from Frederick at noon to-day, says the position and condition of the rebels has been defi-

In the Territory of Washington.

At the Land Office at VANCOUVER, commencing on Monday, the Third (3) Day of August next, for the disposal of the public lands heretofore unoffered, situate in the following townships and parts of townships,

FORTRESS MONROE, July 7.—On the 1st, Gen. Getty with 10,000 men, proceeded from White House and destroyed the remainder of the bridges on the South Anna and has returned.

NEW YORK, July 9.—A *Times'* special from Frederick says two-thirds of the burial parties sent out to bury the rebel dead have made reports. The number thus far is 2,680; total will reach 3,500. Our loss as semi-officially reported to-day, foot up 17,000 killed, wounded and missing. Third Corps lost 4,449; 12th, 756; 2d, 4,800; others not yet reported.

SAN FRANCISCO, July 9.—A rumor was promulgated this morning that Gen. Wright would dispatch a Provost guard to Sacramento to capture the Democratic State Convention.

Steamer *St. Louis*, with New York passengers of June 13th, arrived at noon to-day.

SACRAMENTO, July 10.—The following nominations were made by the Democratic State Convention: Governor, J. G. Downey, Los Angeles; Lieut. Governor, E. W. McKinstry, Toulume; Secretary of State, S. M. Notice to the Public!

CERTAIN DENTISTS IN OREGON have advertised to execute CORALITE, MICA CONTINUOUS GUM, BLOCK and ENAMELLED PLATE WORK, all of which they are incapable of doing. They are not only incapable of doing the above work, but they are even ignorant of some of the material used in its construction; and furthermore, they have not as much as seen a specimen of some of the work they claim to do. In view of these facts, it becomes my duty to make the following statement, which will have no reference to Dr. Black or myself.

Statement.

There is not a Practicing Dentist within the State of Oregon, Washington and Idaho Territories, who executes the Mica, Coralite, Continuous Gum, Block and Enamelled Plate Work.

I have placed, to the order of Humason, Wilson & Co., **$500**, to be paid to any person showing the above statement to be incorrect.

This statement is not made with a view to injure any one, but is simply a matter of fact, to remind some luminous Dentists they have made a slight mistake in their advertisements. I have no doubt, however, but they can do the work they advertise by first going to New York and learning the process. I have other statements to make in reference to this subject, and that of the "Mississippi Valley Association of Dental Surgeons," which I defer till occasion demands.

THE FIRST TO CELEBRATE.—Some time
a venerable and well-known citizen of P

he mysteriously conveyed to a subterran
magazine, the secret of which he alone
the depository. Many times and oft di
solemnly asseverate that NEVER should

day morning last he slowly entered our sa

frantically from our presence; and ere
had recovered from our amazement, we w

RECORDER'S COURT.—Alexander Dodge
B. Stuart and Z. Werts, were brought bef
the recorder, charged with riotous and dis
derly conduct on the 12th inst. It appea
from the evidence, however, that the charg
against the defendants were malicious;
that they had not violated any of the city o
dinances. They were therefore discharged

George W. O'Chile, for indulging too e

PROVOST MARSHAL.— Among the passen
gers who left New York on the 13th Jun

Provost Marshal for Oregon, and of his family
He is probably now in San Francisco, and o
his arrival in this State, we presume he wil
without delay, take the necessary steps to s
cure the enrolment of all who are liable t
military duty in the service of the Unite
States.

LATE.—The steamer *Wilson G. Hunt* di
not arrive from the Cascades last evenin
until 6 o'clock, being detained by an unusu
ally heavy freight. She brought up $
$15,000 in gold-dust to Wells, Fargo &
Co., in addition to that in the hands of pa
sengers.

DEPARTURE.—The steamship *Sierra Neva
da*, F. Connor, commander, left for San Fran
cisco, via Victoria, at 9 o'clock last evening
She took out about $110,000 in gold, beside
freight and passengers.

STILL HOT.—There appears to be no abate
ment of the hot weather; on the contrary, i
apparently increases. Yesterday afternoon
at 4 o'clock, the thermometer indicated 92
in the shade, an increase of four degrees a
compared with Monday, at the same hour.

THE THEATRE.—Last evening we had the
pleasure of witnessing the representation o
the melo-drama, "Six Degrees of Crime," and
were much gratified with the excellence o
the performance. The personations of the
principal characters, "Julio" and "Louise,"
by Mr. Waldron and Miss Mitchell, were
the most effective histrionic efforts it has been
our good fortune to witness for some time.
We did not see the performance of "The
Forest Keeper," but we have no doubt that
the talented artists above mentioned, who
were cast in this play also, sustained their
high reputations. We regret to observe that,
notwithstanding the attractive bill offered,
there was but an indifferent attendance.

WHAT A CHANGE!—A New England cor-
respondent writing from Atchison, Kansas,
says: "Seven years ago we were here and
life was very cheap; to have been born in
New England was a hanging offense. Then
Gen. Stringfellow was a terror to all free State
men. To-day we sat by his side at dinner,
and he expressed a hope that a large immigra-
tion from New England would come into his
town and county." Thus "time sets all
things even," and "truth struck to earth will
rise again," and vindicate herself at last, in
spite of all the ignorance, prejudice, conceit,
pride, arrogance and ruffianism in the world."

ACCIDENT.—During the celebration of the
4th of July at Port Ludlow, W. T., Mr. John
Moxlie, brother of Sheriff Moxlie, and John
P. Anderson, were severely wounded by the
premature discharge of a cannon, which they
were loading. Mr. Moxlie, though badly
wounded and disfigured, is doing well. His
companion, however, whose wounds were
much more severe, died the next day.

On the War Path.—During the time the torch-light procession was parading around the city on Monday night, a somewhat inebriated individual, in a fit of warlike enthusiasm, essayed a furious onslaught on the body of an undemonstrative and peaceful son of the forest. Though not clad in the war paint of his tribe, this unprovoked raid aroused the slumbering fires of the indomitable and dusky chieftain, who thereupon commenced a series of retaliatory operations which, if they did not open, at least effectually closed the eyes of the astonished assailant. At the conclusion of the first round the pale-face, having the fear of scalping-knife and tomahawk before his excited imagination, turned and fled, hotly pursued by the blood thirsty red-skin. When last seen pursuer and pursued were striding prodigiously in the direction of the river, the pale-face leading by a half dozen lengths.

The First to Celebrate.—Some time ago a venerable and well-known citizen of Portland invested sundry superfluous sequins in the purchase of a pound of gunpowder. This he mysteriously conveyed to a subterranean mysteries, the secret of which he alone was the depository. Many times and oft did he solemnly asseverate that never should the magazine aforesaid disgorge its dread contents, until Vicksburg had fallen. On Saturday morning last he slowly entered our sanctum, and we triumphantly read to him the dispatch announcing the surrender of that famous stronghold. This information galvanized our ancient friend, who thereupon rushed frantically from our presence; and ere we had recovered from our amazement, we were startled by a terrific crash of artillery. With dire forebodings of remorseless pirates, we ran to the window, and beheld our patriotic friend, erect and triumphant, with a gigantic horse-pistol in each hand. The ancient had kept his oath! The subterranean magazine was heard of no more!

Recorder's Court.—Alexander Dodge, A. B. Stuart and Z. Werts, were brought before the recorder, charged with riotous and disorderly conduct on the 12th inst. It appeared from the evidence, however, that the charges against the defendants were malicious, and that they had not violated any of the city ordinances. They were therefore discharged.

George W. O'Chile, for indulging too extensively in the flowing bowl, was sent to the city jail, where he will have three days' leisure to reflect and repent.

Provost Marshal.—Among the passengers who left New York on the 13th June, we observe the names of Capt. J. M. Keeler, Provost Marshal for Oregon, and of his family. He is probably now in San Francisco, and on his arrival in this State, we presume he will, without delay, take the necessary steps to secure the enrolment of all who are liable to military duty in the service of the United States.

Late.—The steamer *Wilson G. Hunt* did not arrive from the Cascades last evening until 6 o'clock, being detained by an unusually heavy freight. She brought upwards of $15,000 in gold dust to Wells, Fargo & Co., in addition to that in the hands of passengers.

Departure.—The steamship *Sierra Nevada*, F. Connor, commander, left for San Francisco, via Victoria, at 9 o'clock last evening. She took out about $110,000 in gold, besides freight and passengers.

Still Hot.—There appears to be no abatement of the hot weather; on the contrary, it apparently increases. Yesterday afternoon, at 4 o'clock, the thermometer indicated 92° in the shade—an increase of four degrees as compared with Monday, at the same hour.

The Theatre.—Last evening we had the pleasure of witnessing the representation of the melo-drama, "Six Degrees of Crime," and were much gratified with the excellence of the performance. The personations of the principal characters, "Julio" and "Louise," by Mr. Waldron and Miss Mitchell, were the most effective histrionic efforts it has been our good fortune to witness for some time. We did not see the performance of "The Forest Keeper," but we have no doubt that the talented artists above mentioned, who were cast in this play also, sustained their high reputations. We regret to observe that, notwithstanding the attractive bill offered, there was but an indifferent attendance.

What a Change!—A New England correspondent writing from Atchison, Kansas, says: "Seven years ago we were here and life was very cheap; to have been born in New England was a hanging offense. Then Gen. Stringfellow was a terror to all free State men. To-day we sat by his side at dinner, and he expressed a hope that a large immigration from New England would come into his town and county." Thus "time sets all things even," and "truth struck to earth will rise again," and vindicate herself at last, in spite of all the ignorance, prejudice, conceit, pride, arrogance and ruffianism in the world."

Accident.—During the celebration of the 4th of July at Port Ludlow, W. T., Mr. John Moxlie, brother of Sheriff Moxlie, and John P. Anderson, were severely wounded by the premature discharge of a cannon, which they were loading. Mr. Moxlie, though badly wounded and disfigured, is doing well. His companion, however, whose wounds were much more severe, died the next day.

Dentists of Oregon.

A correspondent writing from this city to the Dental Register gives the following account of the Dental profession in Oregon. The extract speaks for itself and will be read with interest by many of our readers:

"In conclusion I must briefly refer to the encouragement extended to Dental literature by the profession on the Pacific Coast. Of the three hundred practicing dentists there are only about fifteen who subscribe for a dental journal. In Oregon, however, the subscription list is entirely blank, with but one exception."

Bilious Fever Cured.

Portsmouth, Ohio, April 1, 1860.

Messrs. A. L. Scovill & Co.—Gents: I have been, for years, subject to attacks of BILIOUS FEVER; and sometimes I have been laid up for months, and my system left in a feeble state by the use of strong medicine, which was given to me by a physician.

I have been using DR. MOTT'S LIVER PILLS for some time. I find that I can break those attacks in a day or so, and escape entirely the fever. My daughter had an attack of DYSPEPSIA, which distressed her much; she could not eat scarcely anything without becoming nauseated at her stomach continually. Some time since she got and has been using DR. MOTT'S LIVER PILLS, and she is like another being. I have found also that they are the most valuable Pills for BREAKING UP COLDS, HEADACHE, PAINS IN THE SIDE AND BACK. I would not be without them in my family. THOMAS BIGGER.

An Incontrovertible Fact.—A medicine scientifically and skillfully compounded, which makes no undue pretensions, and is recommended by citizens of the highest respectability, deserves the patronage of the public. Such a medicine is Dr. Wm. Hall's BALSAM, a cure for CONSUMPTION in all its different stages.

Dr. Baker's Pain Panacea.—For the cure of pain in the Stomach, Back and Bowels; Burns, Bruises, Cuts and Swellings; Colic, Diarrhea and Rheumatism; Headache, Toothache and Earache. Pain cannot exist where this Remedy is faithfully used. Give it a trial and you will find it the greatest PAIN CURING REMEDY yet discovered. A cure is certain in all cases of Dyspepsia, Weak Breast, Liver Complaint, General Debility, Fever and Ague, Canker, Putrid Sore Throat, Spine and Kidney Diseases, etc., etc. FAMILIES should never be without a supply of it in the house. Directions are fully given and particularly adapted to the disease for which the "PAIN PANACEA" is recommended. (See advertisement in another column.

IMPROVED TIGHT-STITCH

FAMILY SEWING MACHINE

Are unequaled by any for beauty, simplicity of construction and efficacy in working, and will do

IN A PERFECT MANNER,

A greater range of work than any other machine.

The value of a Sewing Machine cannot be estimated by the amount of wood, iron, brass or steel used in its construction, but by the manner in which these materials are put together, and the quantity and quality of the work it turns out. You can buy a watch or a piano-forte for very *little money;* but if you want either for *your own use,* you wish an article which can be *relied upon,* and you will purchase accordingly.

LADD & WEBSTER'S Sewing Machines

use a *straight* needle: curved ones are liable to break.

They make a *tight lock-stitch,* alike on both sides of the work, which cannot be ravelled.

Every machine is sent from our office threaded, and with work under the needle ready for operation, accompanied with such explicit printed instructions as will enable persons who may never have seen a machine to teach themselves.

The subscribers have the General Agency of THESE SUPERIOR MACHINES for the Pacific Coast.

DR. D. JAYNES'

EXPECTORANT

AND SANATIVE PILLS

HAVE BEEN BEFORE THE PUBLIC SO LONG, and found such general favor in every region of country where they have been sold, (and there is no place on the civilized globe where they have not been sold) that it would seem almost superfluous at this time to direct attention to them through the medium of the press. Yet it is due to suffering humanity, and especially to that numerous class who, in the changeable climate of the Pacific Coast, suffer from

Diseases of the Lungs & Throat,

including and ending in CONSUMPTION, many of whom may not have used this remedy, that they should be allowed to read of some of the cases where its influence has been useful in remedying complaints from which they are suffering. The EXPECTORANT

Operates immediately upon the Disease,

SURELY AND SPEEDILY ERADICATING IT,

while the SANATIVE PILLS, by preserving regularity in the Bowels, and giving a healthy tone to the other internal organs, aid and assist the perfect operation of the former.

Attention is asked to the following Certificates, selected at random from the mass in the possession of the proprietors:

Upper Uwchlann, Chester Co., Pa., Sept 15, 1858.

Dr. D. Jayne—Having been afflicted with ASTHMA and BRONCHITIS, and having the advice of some of the most eminent physicians, whose skillful treatment of my case did not prove to be of any avail, I obtained no relief for my suffering until I commenced the use of your EXPECTORANT. After taking it for about three months, I was entirely cured. NATHAN PENNYPACKER.

Astoria, Long Island, Jan 15, 1860.

L. W. Tincell, Esq. New York—Sir: As you well know I had been afflicted with BRONCHITIS, accompanied with the most painful tightness of the chest, and great difficulty in breathing for nearly two months, and I had almost lost all confidence in the power of medical science, when at your friendly suggestion, I began the well known (but not enough known) EXPECTORANT of Dr. Jayne, of Philadelphia. Three or four days after having commenced, to take it, my cough had nearly subsided, the expectoration was easy, and the breathing quite free.

I am now quite another man, and my general health has never been better.

I remain, my dear Tincell, with esteem, your servant and friend. J. B. MONTE.

Winfield, Tuscarawas Co. O., May 31, 1860.

Dr. D. Jayne—Dear Sir: One bottle of your Expectorant cured my daughter of the LUNG FEVER, after having been beyond the hopes of recovery. During the attack she had a number of convulsions. She is now perfectly well. J. K. COFFMAN.

Burlington, Bradford Co., Pa., July 23, 1853.

Dr. D. Jayne—Dear Sir: My son was for one and a half years afflicted with a disease resembling CONSUMPTION. For two years he was not able to labor. He was finally induced to try your EXPECTORANT and PILLS, and after taking 12 bottles and some PILLS was completely cured, and is now able to labor every day. JOHN HENRY.

We would add to the above that we sold to Mr. Henry the medicine for his son, and know that the statement is true. MORRY, WILHELM & CO.

For a greater number and variety of certificates, and fuller information regarding these and other of Dr. D. Jayne's Preparations, reference is given to the ANNUAL ALMANAC, which may be had from any Druggist or Dealer in Medicines.

Is composed entirely of healing gums, and vegetable oil and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day: It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day

If you have the Diarrhea, or a relaxed state of the bowels, take a dose of Pain Panacea and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short tim

The Diamond Market

For the first time in many years diamonds of the "first water" are not to be bought wholesale. The commencement of the present war found diamonds abundant and comparatively cheap. As the trade knows, however, diamonds in point of value are only second to coin. If of the first water, free from defect, a diamond of a given size represents at all times a corresponding equivalent in coin. A tour among extensive dealers in and manufacturers of jewelry now shows a minimum stock, from which all the best have been culled, with great difficulty in filling their places, though prices have advanced fully 70 per cent. The duty is *ad valorem* 10 per cent, but the cost of exchange brings up the price. During the last three years the demand for diamonds, we learn, has been quickened in the European capitals to a large extent. They were cheaper during the Crimean war than before or since. Wealthy Turks placed thousands of them in the market, and a desire to realize upon long hoarded gems seized the minds of Christians as well as Mussulmen. Now matters are in a different position, and diamonds are *diamonds*, in the strictest interpretation of the phrase. A new class of purchasers have sprung up. People who two years ago could not tell the difference between a tiara of gems in purest ray serene, and the gingerbread affairs sported by queens in tragedy have of late been the best customers to the lapidaries. A case in point, narrated to us by a jeweler, is worth publishing.

An Irishman, dressed in fine clothes (to his very apparent discomfort,) entered the store. His face was bronzed, his hands horny, his nose was an unmitigated pug, and his teeth were indelibly stained by second-class 'Cavendish.' A tailor had clothed him like a gentleman to the manor born, but his garments were an evident incumbrance.

'I want to look at some dimons,' he said as he entered the doorway. A junior clerk showed him to the 'dimons' counter. He here repeated his request to a senior clerk. The latter took a quick glance at his customer, and made up his mind that the man had come to the wrong place.

'You wish to see diamond jewelry?'

'I do.'

The clerk produced a tray filled with imitation gems, and submitted them for inspection.

The man fingered several of the articles without speaking, and as silently laid them down. 'Thim isn't what I'm afther. I want the rale kind. Show me somethin' wid the rale sparkle.'

Thinking to get rid of a profitless customer, the clerk produced a velvet case, in which reposed, in gorgeous effulgence, a bracelet, breastpin and ear rings, in the finest diamonds.

'How do those suit you?' asked the clerk.

The man looked at them. 'Ah! thim's the beauties. What's the price 'o thim?'

'The set is seven thousand dollars,' said the clerk, preparing to return them to the case, not dreaming of their purchase.

'Well, I'll take thim,' was the quiet and prompt reply.

The clerk was somewhat astonished. In his experience the purchase slightly exceeded all former precedents.

Word was quietly passed to one of the firm that a seven thousand dollar customer was at the diamond counter, and the head of the house very briskly came forward. The result was the further purchase of a single stone diamond ring at eight hundred dollars. The purchaser gave his check in payment for the lot. He was detained, without his knowledge of the fact, in an inspection of other goods, while one of the clerks was sent to the bank to test the value of the check, but the clerk returned with the money and the information that if drawn for five times the amount it would have been as promptly honored. Subsequent inquiry led to the discovery that the purchaser of the diamonds in question had accumulated money in following up the army and purchasing its offal for soap manufacturing, at the same time loaning money to officers at usurious interest and purchasing claims of soldiers and others against the Government. The man, two years ago, was foreman in a lard and tallow factory.

This incident, which is literally true, is an illustration of the causes to which are attributable the present prices of gems. What is true of diamonds is true also of pearls, opals and emeralds. Rubies of any size are out of the market. Even garnets, the cheapest of all the precious stones, have advanced in price with the rest of the precious stones. The uncut garnet is termed a carbuncle; it is equally familiar in either form. At the Continental Hotel the other day we saw in the possession of a Cuban lady, a rosary upon which she kept devotional tally, composed of a string of garnets. The larger ones were of the size of a hazel nut, the smaller ones the size of marrowfat peas. The entire affair, in ordinary times, would foot up to the value of a thousand dollars.

The transmutations caused in society by the present war are most singular. Many people all their life long accustomed to the possession of gems, have parted with them forever; many others who now wear them knew not two years ago, the difference between the finest diamonds and the glassy bauble that glitter upon the nude arms of the ballet girls and danseuses of the concert saloons.—*U. S. Gazette*.

HELMBOLD'S

Genuine Preparation.

'HIGHLY CONCENTRATED'

Compound Fluid

EXTRACT BUCHU,

A POSITIVE AND SPECIFIC REMEDY

FOR DISEASES OF THE

BLADDER, KIDNEYS, GRAVEL

AND

DROPSICAL SWELLINGS.

This Medicine increases the power of DIGESTION and excites the ABSORBENTS into healthy action, by which the WATERY or CALCEROUS depositions and all UNNATURAL ENLARGEMENTS are reduced, as well as PAIN and INFLAMMATION, and is good for

MEN, WOMEN OR CHILDREN.

HELMBOLD'S EXTRACT BUCHU

For Weakness arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuse.

ATTENDED WITH THE FOLLOWING SYMPTOMS:

Indisposition to Exertion,	Loss of Power
Loss of Memory,	Difficulty of Breathing
Weak Nerves,	Trembling,
Horror of Disease,	Wakefulness,
Dimness of Vision,	Pain in the Back,
Universal Lassitude of the	Muscular System,
Hot Hands,	Flushing of the Body,
Dryness of the Skin,	Eruptions on the Face,

Pallid Countenance.

These symptoms if allowed to go on, which this medicine invariably removes, soon follows

Impotency, Fatuity, Epileptic Fits,

IN ONE OF WHICH THE PATIENT MAY EXPIRE.

Who can say that they are not frequently followed by those "direful diseases,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering, but none will confess.

THE RECORDS OF THE INSANE ASYLUMS,

And the melancholy deaths by Consumption bear ample witness to the truth of the assertion.

THE CONSTITUTION,

once affected by Organic Weakness,

Requires the Aid of Medicine,

to strengthen and invigorate the system, which

"HELMBOLD'S EXTRACT BUCHU"

invariably does.

A Trial will Convince the most Skeptical.

FEMALES! FEMALES!! FEMALES!!

OLD OR YOUNG,

Single, Married or contemplating Marriage

IN MANY AFFECTIONS PECULIAR TO FEMALES the Extract of Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness or Suppression of Customary Evacuations, Ulcerated or Schirrous state of the Uterus, Leucorrhoea or Whites, Sterility, and for all complaints incident to the Sex, whether arising from Indiscretion, Habits of Dissipation, or in the

DECLINE OR CHANGE OF LIFE!

See symptoms above.

No Family should be without it.

TAKE NO MORE BALSAM, MERCURY OR UNPLEASANT MEDICINE FOR UNPLEASANT AND DANGEROUS DISEASES.

HELMBOLD'S EXTRACT BUCHU,

AND

HELMBOLD'S IMPROVED ROSE WASH

CURES SECRET DISEASES,

In all their Stages, At Little Expense, Little or no Change in Diet, No Inconvenience, AND NO EXPOSURE.

It causes a frequent desire and gives strength to Urinate, thereby Removing Obstructions, preventing and curing Strictures of the Urethra, allaying Pain and Inflammation, so frequent in the class of Diseases, and expelling all Poisonous, diseased and worn out matter.

THOUSANDS UPON THOUSANDS

Who have been the victims of Quacks

and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "POISON" has by the use of "Powerful Astringents" been dried up in the system, to break out in a more aggravated form, and perhaps after marriage.

Use Helmbold's Extract Buchu

For all Affections and Diseases of the URINARY ORGANS, whether existing in MALE OR FEMALE, from whatever cause originating and

NO MATTER OF HOW LONG STANDING.

Diseases of these Organs require the aid of a Diuretic.

HELMBOLD'S EXTRACT BUCHU

IS THE GREAT DIURETIC,

And it is certain to have the desired effect in Diseases for which it is recommended.

Evidence

of the most Responsible and reliable character will accompany the medicines.

AYER'S

Catharctic Pills,

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1, 1855.

DR. J. C. AYER: Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Yours with great respect,
ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb. 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.

Fraternally yours,
ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.

GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, WYOMING Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec. 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities in any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

The Diamond Market

For the first time in many years diamonds of the "first water" are not to be bought wholesale. The commencement of the present war found diamonds abundant, and comparatively cheap. As the trade knows, however, diamonds in point of value are only second to coin. If of the first water, free from defect, a diamond of a given size represents at all times a corresponding equivalent in coin. A tour among extensive dealers in and manufacturers of jewelry now shows a minimum stock, from which all the best have been culled, with great difficulty in filling their places, though prices have advanced fully 70 per cent. The duty is *ad valorem* 10 per cent., but the cost of exchange brings up the price. During the last three years the demand for diamonds, we learn, has been quickened in the European capitals to a large extent. They were cheaper during the Crimean war than before or since. Wealthy Turks placed thousands of them in the market, and a desire to realize upon long hoarded gems seized the minds of Christians as well as Mussulmen. Now matters are in a different position, and diamonds are *diamonds* in the strictest interpretation of the phrase. A new class of purchasers have sprung up. People who two years ago could not tell the difference between a tiara of gems in purest [illegible] setting, and the gingerbread affairs sported by queens in tragedy, have of late been the best customers to the lapidaries. A case in point, narrated to us by a jeweler, is worth publishing:

An Irishman, dressed in fine clothes (to his very apparent discomfort,) entered the store. His face was bronzed, his hands horny, his nose was an unmitigated pug, and his teeth were indelibly stained by second class 'Cavendish.' A tailor had clothed him like a gentleman to the manor born, but his garments were an evident incumbrance.

'I want to look at some dimons,' he said, as he entered the doorway. A junior clerk showed him to the 'dimons' counter. He here repeated his request to a senior clerk. The latter took a quick glance at his customer, and made up his mind that the man had come to the wrong place.

'You wish to see diamond jewelry?'

'I do.'

The clerk produced a tray filled with imitation gems, and submitted them for inspection.

The man fingered several of the articles without speaking, and as silently laid them down. 'Thim isn't what I'm afther. I want the rale kind. Show me somethin' wid the rale sparkle.'

Thinking to get rid of a profitless customer, the clerk produced a velvet case, in which reposed, in gorgeous effulgence, a bracelet, breastpin and ear rings, in the finest diamonds.

'How do those suit you?' asked the clerk.

The man looked at them. 'Ah! thim's the beauties. What's the price 'o thim?'

'The set is seven thousand dollars,' said the clerk, preparing to return them to the case, not dreaming of their purchase.

'Well, I'll take thim,' was the quiet and prompt reply.

The clerk was somewhat astonished. In his experience the purchase slightly exceeded all former precedents.

Word was quietly passed to one of the firm that a seven thousand dollar customer was at the diamond counter, and the head of the house very briskly came forward. The result was the further purchase of a single stone diamond ring at eight hundred dollars. The purchaser gave his check in payment for the lot. He was detained, without his knowledge of the fact, in an inspection of other goods, while one of the clerks was sent to the bank to test the value of the check, but the clerk returned with the money and the information that it drawn for five times the amount it would have been, it was promptly honored. Subsequent inquiry led to the discovery that the purchaser of the diamonds in question had accumulated money in following up the army and purchasing its offal for soap manufacturing, at the same time loaning money to officers at usurious interest, and purchasing claims of soldiers and others against the Government. The man, two years ago, was foreman in a lard and tallow factory.

This incident, which is literally true, is an illustration of the causes to which are attributable the present prices of gems. What is true of diamonds is true also of pearls, opals and emeralds. Rubies of any size are out of the market. Even garnets, the cheapest of all the precious stones, have advanced in price with the rest of the precious stones. The uncut garnet is termed a carbuncle; it is equally familiar in other form. At the Continental Hotel, the other day, we saw in the possession of a Cuban lady, a rosary, upon which she kept devotional tally, composed of a string of garnets. The larger ones were of the size of a hazelnut; the smaller ones the size of a marrowfat pea. The entire affair, in ordinary times would foot up to the value of a thousand dollars.

The transmutations caused in society by the present war are most singular. Many people all their life long accustomed to the possession of gems, have parted with them forever; many others, who now wear them, knew not, two years ago, the difference between the finest diamonds and the glassy bauble that glitter upon the naked arms of the ballet girls and danseuses of the concert saloons.—*U. S. Gazette.*

AYER'S Cathartic Pills,

(*SUGAR COATED,*)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their effects and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1, 1856.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,

ED. W. PREBLE, *Clerk of Steamer Clarion.*

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured by your Pills of rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects, and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
